ROBBED BY WANDERS CITY STREETS

Young Tells Police Story of Robbery—Relatives Are Winded

Robbed by his companions and a watch, while on his way from Chicago to Moline, John Wolf, 18 years old, of St. Paul, was found wandering on Moline streets last night by "Paterson" Wolf. Wolf was lost and hungry. Police officers found him and took him to a lodging and breakfast. According to the boy's story, he was on a Rock Island train at Chicago about 3:30 yesterday afternoon in company with two other boys whom he had met in St. Paul and accompanied to Chicago. The boys purchased Wolf's ticket for Moline and he thought he was on his way home. The way down and back was the conductor, who told him the station was reached. He got off and found himself in Moline and the money and watch were gone.

Chief De Jaeger is making efforts to reach Wolf's relatives in St. Paul and induce them to wire transportation to enable the boy to get home. Wolf said the other boys did not work, but that they had about \$400 when they left Chicago. The police suspect the youths obtained the money by illegal means. They told Wolf they would find him another job if he would go back with them to Minneapolis.

WOMEN OWE LIFE TO MAGISTRATE'S PLEA

Sidewalks along Fifth avenue between Nineteenth and Twentieth streets have been built a foot farther north than is customary, in order to spare the lives of several city trees, said to be the oldest in the city. A casual plea of magistrate Frank Gustafson is probably responsible for the action taken by city officials, although the fact that this plea section will become business property helped to win officials to the project.

PHOTO ART COMPANY BOON TO OPEN HERE

The Photo Art Engraving company, at present located on Third avenue and Twentieth street, Rock Island, has practically completed removal of its Rock Island plant to the Shuman annex in Moline and expects to open for business here within a few days. L. H. Ewing, president and manager, announced today.

SALE OF LINDVALL STORE ANNOUNCED

Sale of the Lindvall jewelry store at 1605 Fifth avenue to William M. Lindvall and Gunnar O. Bongren, owners of the jewelry store at 1419 Fifth avenue, was made public today. The amount of the consideration was not announced. Lindvall and Bongren will operate both stores until Jan. 1, when the stock at 1419 Fifth avenue will be moved into the store in the Shohrbeck building, on which the new owners have obtained a 5-year lease. The partners, both young and enterprising men, have been in business in Moline for the last five years. The taking over of the Lindvall store is a fair indication of their business success and growth.

NEW SHOE STORE IS STARTED IN MOLINE

First of a chain of 85 Kinney shoe stores to be established in the United States opened in Moline today in the rooms at 1605 Fifth avenue, recently vacated by the Robb & Soderstrom Electrical company. L. W. Hulselander, an employee of the K. Kinney company for 14 years, is manager of the Moline store. The shop will carry a full line of men's, women's and children's shoes, all of which is manufactured in the company's factories.

Ted Englund of Davenport was sober at 5 o'clock this morning and was permitted to go. C. L. Schroeder of Davenport was released at 10:30. Each paid a \$5 fine.

Eugene McCall and L. M. Smith of Moline and George Wilcox of Rock Island are still in jail, having no money to pay their fines, but expect release this afternoon. McCall is charged with driving an automobile while under the influence of liquor. The police say he will be arraigned as soon as he becomes sober. The party seems to have been an all-night affair. Only one drink was left in the half-gallon bottle when police arrived on the scene this morning.

Judge Dietz returns. Judge G. O. Dietz, who has been presiding over the circuit court at Lewistown, Fulton county, will be in Moline city court tomorrow morning. DRIVER IS HURT AS CARS CLASH; ONE MAN FINED

Walter Gibson Alleged to Have Been Driving While at Wheel of Auto

Walter Gibson, residing on Fifteenth avenue near Sixth street, East Moline, yesterday drove his automobile into a wagon of brick at Ninth street and Fifteenth avenue, East Moline. Roy Smith, 435 Fortieth street, Moline, the driver of the wagon, was hurled from his seat to the pavement. The fall resulted in minor injuries to Smith's head and arm which were dressed by Dr. J. H. Long.

Gibson was uninjured by the collision. The windshield of his automobile was shattered and the front wheels and fenders bent. Police were called immediately after the accident and conveyed Gibson to jail, where he spent the night. Today he was fined \$25 and costs on a drunk and disorderly charge.

Frank Richards, also of East Moline, was fined \$5 and costs for drunkenness when arraigned before Magistrate A. A. Niles this morning. He was brought to the station by a patrolman last night.

NEED JUNIOR HIGH IN FEW YEARS SAYS SCHOOL PRESIDENT

A junior high school to accommodate increased numbers of upper grade students will be required in Moline within the next few years, according to Wilson P. Hunt, president of the board of education, in his foreword of the 47th annual report of the public schools. A memorial building, designed for use of students in manual training and domestic science is one of the most needed and most practical gifts that can be dedicated to Moline, he adds.

The school board is much concerned over these needs, as is graphically illustrated later in the text of the report which shows percentage increase in salaries and revenues since 1914.

Up to the close of the fiscal year 1919 the two lines kept equal pace, but in the two years just closed, while revenues jumped 50 per cent, teachers' salaries advanced 115 per cent. In earlier references to the financial problems facing the board, the president said: "The schools are, however, still suffering from lack of sufficient funds to carry on the work as the children of our city need."

Strictly school problems are dealt with by L. A. Mahoney in his summary, which calls special attention to the tendency to determine graduation by mental rather than physical age. Moline's school enrollment, according to comparative figures included in the report, while frequently below the state average and the national average in the lower grades, is far above the normal in the upper grades.

DEPRESSION OF WHEAT CAUSES LIGHT TRADING

Chicago, Oct. 15.—Absence of export demand in the United States together with word that government pressure was being brought to bear in Canada to increase the crop movement there had a depressing effect today on wheat prices here. Trade was very light, less than on any prior day this week. Opening quotations which ranged from 1/4 to 3/4 lower, with December 2.04 to 2.06 1/2 and March 2.02 1/2 to 2.03 were followed by a slight rally and then by a fresh downturn lower than before.

Action of President Wilson in regard to the call by Governor Allen of Kansas for an embargo on imports of wheat from Canada and in regard to Governor Allen's charge of unfair trade practices had a decided bullish effect later. Foreign buying of corn was also a stimulating factor, as well as word of big buying of wheat on the Pacific coast for Great Britain. The market closed excited, 3/4 to 1/2 higher, with December \$2.17 1/2 to \$2.18 1/2 and March \$2.12 1/2 to \$2.13.

Corn was easier with wheat. After opening unchanged to 1/4 lower, including December at 86 1/2 to 86 3/4, the market underwent a moderate further sag.

Subsequently export business in corn, together with a big bulge in wheat values, led to an advance in the corn market. The close was strong, 2 to 3 1/4 net higher, with December at 89 1/2 to 89 3/4.

Options relatively steady but dull, opening unchanged to 1/4 higher, December 56c, and then relaxing a little.

Higher quotations on hogs strengthened provisions.

STOCK MARKET TAKES UPWARD MORNING TREND

New York, Oct. 15.—Regardless of the 9 per cent opening and reversal rate for call money and the weakness of foreign exchange, induced largely by the threatened strike of the British coal miners the stock market made further upward progress during the morning. Buying of Reading first and second preferred at gains of 6 and 7 points attracted considerable attention, other rails rising 1 to 2 points. Oil recovered much of its early loss under leadership of the Mexican group and motors, steels, equipments, shippings, tobaccos, leathers and chemicals, advanced 1 to 3 1/2 points. Sears-Roebuck was conspicuous for its contrary movement, declining 3 points.

TWO HUNDRED HERE FOR GATHERING OF WOMAN WAR CORPS

In spite of the rain, nearly two hundred delegates from the various parts of this district were on hand this morning to attend the Woman's Relief corps convention. Members of the Falmerans post of the American Legion will help entertain the visitors. Among their plans for today's entertainment will be an auto drive over the city. The women of the Baptist church were busy this morning preparing for the big dinner which they served at noon to visiting and local members of the Woman's Relief corps and the Grand Army of the Republic.

At the morning session held in the Masonic hall at 10 o'clock, Captain O. E. Carlstrom gave a splendid address of welcome. Dr. A. Jackson Arrick of the First Presbyterian church of Alledo will preside at the address this evening at the campfire meeting, which will be held in the Masonic hall and will commence at 7:30 o'clock. He will speak on "Woman's Part in Our National Life." Veterans of all wars were given a special invitation to attend both sessions of the convention today.
